

\$15 rebate offer

on a programmable thermostat

SaskEnergy

saskenergy.com

Save energy & money with a programmable thermostat

Installing a programmable thermostat is one of the easiest ways to save energy and money. You can save up to 2% on your heating bill for every 1°C you turn down your thermostat at night and when you're not at home.

Mercury Thermostat Recovery Program

Your old thermostat may contain mercury that can be harmful if not disposed of properly. Take it to a participating SaskPower customer service office, or ask your contractor if they participate in SaskPower's Mercury Thermostat Recovery Program. Visit saskpower.com for more information.

Purchase and have your programmable thermostat professionally installed by a SaskEnergy Network Member to ensure your heating equipment continues to operate properly and efficiently. Visit saskenergy.com for a list of SaskEnergy Network Members.

Complete the form below and mail it along with a copy of the bill of sale and UPC symbol from the product package to receive a one time \$15.00* credit on your SaskEnergy account.

Name: _____ Phone: _____

Address: _____ City/Town: _____

Postal Code: _____ Purchased from: _____ Date: _____

Programmable Thermostat Make and Model: _____

Age and Type of Furnace: _____

SaskEnergy Account Number: _____

Installed by: Contractor Self Installation Location: Residential Commercial

*To be eligible for this rebate offer you must be a SaskEnergy customer. All information must be completed, including a valid SaskEnergy account number matched to the address indicated, a copy of the bill of sale for a programmable thermostat purchased between August 1, 2009 and March 31, 2010, and the UPC code symbol cut from the product packaging. Offer subject to cancellation without notice at any time. Forms must be postmarked no later than April 30, 2010. The rebate is up to \$15.00 but will not exceed the actual cost of the programmable thermostat. Please allow 6-8 weeks for your credit to be applied to your SaskEnergy account. Offer limited to one programmable thermostat rebate per address.
