

THINK GREEN

CENTENNIAL GOES GREEN . . .

Everyone can make a difference in protecting the environment. At Centennial, we're taking steps to provide products that are environmentally friendly and help you save energy and water, while providing you and your family the ultimate in home comfort.

WHAT GREEN MEANS . . .

To us, Green means safe, healthy homes with efficient heating, cooling and plumbing systems. We are committed to finding new plumbing and HVAC products and technologies that reduce resource consumption and minimize their negative impact on the environment.

THE GREEN SYMBOL . . .

Go Green. Make better choices for the environment.

Look for this symbol that identifies **green products** in our showroom.
